Projected Order: _____
Required Delivery: _____

Registration Terms and Conditions

- No project will be registered without listing specific Marco Group Inc. product and respective quantities that have been approved by the school.
- Only specific jobs may be registered and not entire school districts. No pricing will be furnished without Marco Group receiving a complete copy of the RFP/RFQ documents.
- Projects over one year old will be closed; the Dealer will need to re-register the project for Marco Group's subsequent review and pending approval.

Dealer confirms that all categories of Marco Group Inc. product have been presented, specified or approved as a functionally equivalent, acceptable product. Consequently, Dealer agrees not to represent any other competing product line(s) that would be counterproductive in having Marco Group Inc. product exclusively offered.

Marco Group Inc. Endorsement
 (Application status confirmed within two business days of submission)
